

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

TO ACCOMPANY THE

THIRTEENTH ANNUAL REPORT

OF THE

STATE BOARD OF HEALTH

OF

NEW YORK.

NEW YORK: J. B. LYON, STATE PRINTER, 1893.

TRANSMITTED TO THE LEGISLATURE MARCH 9, 1893.

ALBANY:

JAMES B. LYON, STATE PRINTER.

1893.

YRABUJ 3NA

CONTENTS FOR MAPS.

- No. 1. Map of streets and sewers adjacent to the Nepperhan river in the city of Yonkers, N. Y.
2. Map of the sewage system of the village of Clinton.
3. Map of the sewage and sewage disposal of the village of Cobleskill.
4. Map of the sewage and sewage disposal of the village of Cobleskill.
5. Map of the sewage and sewage disposal of the village of Cobleskill.
6. Map of the sewage and sewage disposal of the village of Oneida.
7. Sketch showing plan of sewage tanks for chemical precipitation at Oneida, N. Y.
8. Plans for the sewerage of the village of Mechanicville, N. Y.
9. Map of sewer system of the village of Stamford, N. Y.
10. Plan of change in location of sewage disposal building, part 1, Far Rockaway, L. I.
11. Map of the sewerage of the village of Far Rockaway, Queens county, N. Y., showing sizes, flowlines, intersections and outlets of proposed sewer system.
12. Plan of the location of disposal works of Far Rockaway, L. I.
13. Plans for a system of sewers for the village of Port Richmond.
14. Plans for extension of sewer system for the annexed district of the village of Port Richmond.
15. Map of the sewer system of Hoosick Falls, N. Y.
16. Plan for outlets for sewage and drainage of the village of Hoosick Falls, N. Y.
17. Plans for outlets for sewage and drainage of the village of Hoosick Falls, N. Y.
18. Plans for sewage disposal works of the village of Cortland, N. Y.
19. Plans of streets showing size, rate and depth of sewers, Cortland, N. Y.

- No. 20. Plan of sewerage system for Cortland, N. Y.
21. Map of the village of New Paltz, showing proposed system of sewers.
22. Plan for the sewerage of the village of Saranac Lake.
23. Map of Norwich, N. Y., showing sewerage system.
24. Chart giving the results of a series of examinations of Mohawk river water, extending through a period of one year.
25. Diagram showing results of chemical and biological analyses of Mohawk river.
26. Diagram showing results of chemical and biological analyses of Hudson river (plate 2*a*).
27. Diagram showing results of chemical and biological analyses of Hudson river (plate 2*b*).
